ITEM 4 Explanation: *Oath/Declaration*

This application presents a claim for subject matter not originally claimed or embraced in the statement of the invention. For example, the “tension tent” and the “means for preventing disengagement.” A supplemental oath or declaration is required under 37 CFR 1.67. The new oath or declaration must properly identify the application of which it is to form a part, preferably by application number and filing date in the body of the oath or declaration. See MPEP §§ 602.01 and 602.02.

ITEM 5(b) Explanation: *Drawings*

1. In the communication filed 04 August 2006, applicant remarked that three replacement drawing sheets and three annotated drawing sheets were submitted. The annotated drawing sheets are present in the image file wrapper, however, the replacement drawing sheets, as required under 37 CFR 1.121(d) are not present in the image file wrapper.
2. The changes to the drawings, as noted on the three annotated sheets submitted 04 August 2006, have been approved by the examiner, subject to correction of the informalities indicated on the attached "Notice of Draftsperson's Patent Drawing Review," PTO-948 (Attachment 2). In order to avoid abandonment of the application, applicant must make the drawing changes.

ATTACHMENT 8: *Examiner's Statement of Reasons for Allowance*

The following is an examiner's statement of reasons for allowance:

Claim 21: The prior art fails to teach or suggest a tension tent comprising: a plurality of fittings coupled to the inside surface of the roof of a shell in combination with a plurality of inner support structures, each support structure including at least two gussets, each gusset including a support member configured to couple with one of the fittings; and an outer support structure including exterior poles, guy wires, and stakes.

Claim 41: An arch support comprising a pair of vertical sections and a pair of curved members; an arch section including a pair of rafters, each having one end removably coupled to a respective curved member and the other end pivotally coupled to a respective gusset, a cross member between the pair of gussets; and, a support member attached to each gusset for coupling to one of roof fittings inside the shell.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee.

Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
